

# Paris Mollo, Software Engineer

PARIS, FRANCE · parismolloch@gmail.com · +33 7 71 20 50 95

## **PROFILE**

Master's student at Sorbonne, specializing in Critical and Distributed Systems. Previously interned at AWS, currently seeking a new internship for Summer 2024.

#### **EXPERIENCE**

# Software Engineer, Amazon (AWS)

Jun 2022 — Sep 2022, Paris

I developed two internal AWS applications during my internship, automating data transformation into presentations and enhancing time series forecasting. This effort elevated efficiency by 6x and improved forecast accuracy from 55% to 83%.[Internship]

# Software Engineer, CERN IdeaSquare

Jan 2021 — Feb 2021

Designed top 5 prototype project for data cleaning pipeline automation in flood forecasting, potentially increasing speed by 5x. [Competition with certification]

# Software Engineer, Crowd4SDG

Oct 2020 — Nov 2020

Led Potamoi team to develop data collection and cleaning solutions for flood forecasting in developing countries like Burkina Faso, collaborating with experts in natural disaster management. [Competition with certification]

# Data Analyst, Botmind

Sep 2019 — Dec 2019

Developed script and application module for chatbot data cleaning and labeling, processing over 700 user interactions for prospect qualification.

# Speaker, Tedx Talks

Dec 2018 — Mar 2019, Aix-en-Provence

I had the opportunity to assess the multiple effects of NEETs on the global economy and discuss how we can use technology to help young people collaborate on projects.

# Software Engineer, WeCashUp

May 2018 — Sep 2018, Marseille

Implemented Hyperledger Fabric system and developed smart contracts with EVM, enhancing application security and transparency through Composer Hyperledger business network. [Internship]

#### **EDUCATION**

# Sorbonne Université, Master of Engineering - Distributed Systems and Applications

Sep 2023 — May 2025, Paris

# Université Paris Cité, Bachelor of Computer Science

Sep 2020 — May 2023, Paris

# Bachelor of Economics at Aix Marseille Université & Paris 12

Sep 2017 — May 2020, Aix-en-Provence - Paris

# **SKILLS**

Distributed Programming

Programming in the Linux Kernel

System Security and Administration

Distributed Systems and Client/Server Models

Network Programming

Computer Vision

Distributed Algorithms

Time Series Forecasting

Advanced Architecture of Operating System Kernels

Database Systems

Java Programming

C Programming

C++

Python

#### **HOBBIES**

Boxing, Electronics and Reading.
